MEMORANDUM FOR: Chief, Planning, Programming & Budgeting Staff, NPIC

ATTENTION: [redacted]

THROUGH: Chief, Technical Services & Support Group, NPIC *twc*

SUBJECT: Technical Representative to ARGO

1. It is requested that [redacted] be assigned to attend ARGO meetings as a technical assistant. [redacted] is keenly interested and enthusiastic in the efforts related to the ARGO program. His knowledge of reconn systems, operational parameters, and system sensors, plus his experience in cartography, photogrammetry, earth sciences and oceanography, will make him a valued assistant during meeting deliberations.

2. Additionally, many of the exploitation parameters associated with ARGO objectives are closely related to NPIC research and development programs and, as such, should be judiciously monitored and evaluated to avoid duplication of effort in the development of exploitation instrumentation and techniques. [redacted]' presence at ARGO meetings would add to the reciprocal exchange of technical information between ARGO members and NPIC R&D efforts.

3. The above has been coordinated with [redacted]
